

Have you ever wondered how a rabbit pops out of a hat, or how a coin can vanish into thin air?
Have you ever dreamed of making your friends and family gasp in amazement?
Well, my dear magical friends, this booklet is your key to unlocking the world of MAGIC!
Get ready to explore incredible illusions, mind-bending tricks, and some seriously cool secrets.

With a little practice and a sprinkle of imagination, YOU will be the star of the show, leaving everyone wondering, "How did they DO that?!" So, grab your magic wands (or pencils, if wands are in short supply) and prepare to be amazed.

Let the magical journey begin!

THE

HAN

Multiplying coins

Materials:

Paper Plate Tape

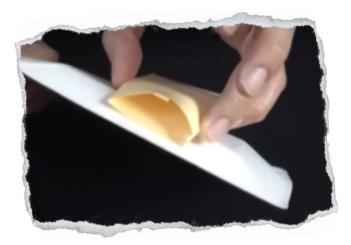

6 Coins

Small Pocket Envelope (can created with a piece of paper)

Instructions:

Step 1:

Tape the small envelope or piece of paper to the back of the paper plate.

Step 2:

Insert 3 coins to the secret pocket.

Multiplying coins

Show that the plate and your hands are empty.

Step 4:

Put 3 coins on the plate.

Step 5:

Hold the plate with your fingers placed under the envelope.

Multiplying coins

Step 6:

Step 7:

Present all 6 coins on the plate.

Lift an Ice cube with a string

Materials:

Cup of water String Salt

Ice cube

Instruction:

Step 1:

Put an ice cube in the cup and place a string across the top of it.

Step 2:

Add a little bit of salt to the top of the ice cube.

Lift an Ice cube with a string

Wait about one minute or so.

Step 4:

Hold the string and lift it with the ice cube out of the cup

THIS IS SUCH A COOL MAGIC TRICK. YOU - THE MAGICIAN - SHOW A CUP HALF FILLED WITH WATER, TAKE A SIP OF WATER AND THEN STAND THE CUP ON ONE SINGLE PLAYING CARD THAT IS STANDING UPRIGHT. AMAZING!

Materials:

Clear plastic cup 2 Playing cards Tape Scissors

Instruction:

Step 1:

Cut one of the cards in half across the length of the card.

Step 2:

Stick a piece of see through sticky tape along the cut edge of the 'half' card.

Anti Gravity Glass

Step 3:

Stick the 'half card' onto the back of the other playing card.

Stick some tape on the other side of the 'half' card.

Step 4:

You have made your 'gimmick' for the anti gravity glass! It should look like the picture.

TIP: Your audience won't see anything. When doing this trick, you will be relying on good angles. You also need to be careful of flashing your gimmick, so make sure you practice this before showing your audience.

DISAPPEARING TOOTHPICK

Materials:

Toothpick

Таре

Instruction:

Step 1:

Tape a small piece of tape to the toothpick.

Step 2:

Carefully tape the toothpick to the back of your thumb.

Step 3:

Hold the toothpick so it looks like you're holding it in your hands.

Swipe your other hand over it while quickly opening your hand so the toothpick goes to the back.

Swiping your other hand draws the eye there instead of on the toothpick.

Show them you don't have it being careful not to show the back of your hand.

The more dramatic you can be the better!

Materials:

Small pack of crayons

Таре

Knife

Instruction:

Step 1:

Cut a small window on the top of the crayon box.

Step 2:

Tape all 5 crayons together.

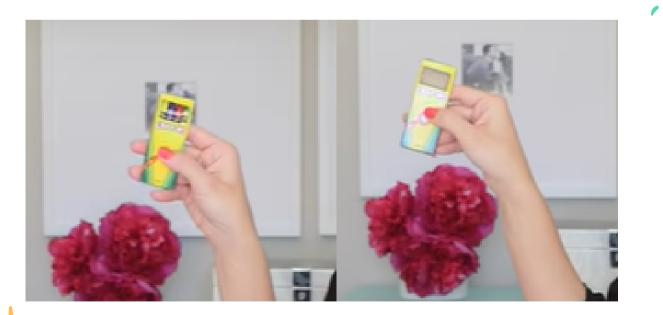

Step 3:

Cut the half of the crayons, under the tape

Step 4:

Apply a little pressure to keep the crayons visible in the window and then after waving your hands to draw the audience eyes, release the pressure to make the crayons disappear!

Beginning August 2024
